

Thanks you for your interest in our Winter 2015 Volunteer Program!

About City Repair

We're a primarily volunteer-driven organization that fosters **thriving, inclusive and sustainable communities** through the **creative reclamation** of public space.

Village Building Convergence (VBC) & Placemaking

Our biggest annual program is the Village Building Convergence through which we engage 100s of citizen volunteers through 30 unique community projects across the city. As passionate “placemakers”, we citizens foster active, engaged relationships to the spaces they inhabit to inspire communal stewardship & lived connection.

Who should apply?

If you share this belief and want to be of service, this program is for you! We have numerous awesome ways for you to find a place within our vibrant social ecology!

Save the dates!

Most group volunteer days Winter 2015 Volunteer Program are on Fridays and Saturdays. **Attendance at the majority of these events is recommended because these days best work for our small core organizer team and guarantee a more meaningful volunteer experience.** Even if you are unable to make most of these dates, do consider applying. We have some flexibility to work outside this schedule on a case-by-case basis.

Calendar

Sat, Jan 10: Orientation & Work Party
