

# Origins: From Humanity to the Cosmos

Lawrence Krauss is a theoretical physicist and cosmologist who is Foundation Professor of the School of Earth and Space Exploration at Arizona State University, and director of its Origins Project. He is a pioneer in breaching the gap between science and popular culture and speaks about a wide range of science topics around the world.

## An Interactive Lecture with **LAWRENCE KRAUSS**

Brought to you by team cancer crushers to support the  
Leukemia Lymphoma Society

**LAKERIDGE HIGH SCHOOL AUDITORIUM**

**THURSDAY FEBRUARY 8TH, 7:00-9:00**

Team Cancer Crushers is a group of two Lakeridge students who have had very personal experiences with cancer. They are participating in the Leukemia Lymphoma Society Student of the Year Fundraising Competition and are raising money to fund research for cures and for patient advocacy. They are looking for donations from people like you!

If you cannot attend the lecture but would like to donate, please visit their website: [tinyurl.com/CancerCrushersHC](https://tinyurl.com/CancerCrushersHC) Help us CRUSH cancer!
